

# CR360

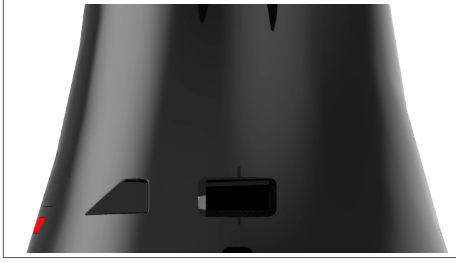

-  Cut Resistant Retractable Cable
-  Multiple Lockdown Options
-  Cross Merchandising Capability
-  Sensor and Pedestal Alarm
-  Optional "Sleep Mode"

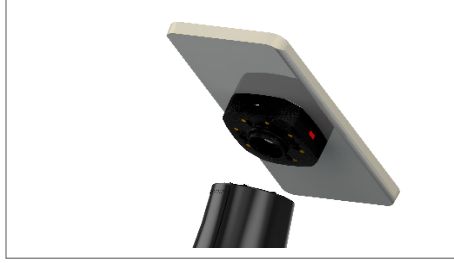

The CR360 was designed with all the latest theft prevention technologies in mind. Use the accessory alarm port on the CR360 pedestal to cross merchandise your top-selling phones and tablets with the latest accessories on the market.

With your top devices aligned next to each other, there's no stopping your shoppers from wanting more. The CR360's Customer Demonstration Mode gives your staff the opportunity to touch on the devices' top selling points while participating in the customer's engagement with the product.

## Features

Cross merchandise with the accessory alarm port. Compatible with a variety of sensors, the CR360 can protect your top accessories.

Easily disconnect the sensor to access Customer Demonstration Mode. Both sensor and pedestal are equipped with an alarm.

Optional vertical and horizontal high security brackets are available for extra protection. (Sold Separately.)
