

DUO

-  Battery Powered Alarm
-  Fast Installation
-  Dual Product Security
-  Promotes Customer Engagement
-  IR Key Fob Compatible

Looking for ultrafast protection for your hottest selling accessories? Known for its two ports, the Duo can secure up to two devices side by side to promote cross merchandising. The dual security ports are compatible with all VPG alarming sensors.

The Duo is a standalone solution that comes equipped with 1+ year battery power. Installation is as easy as turning on the "on/off" switch and attaching it to your furniture by a VHB adhesive. For higher security, the Duo can also be screwed into the display fixture.

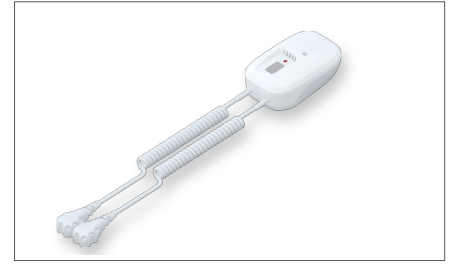

Features

Seamlessly change out the sensor to remerchandise various accessory displays.

The Duo port alarm can be placed above or under the counter. The Duo is compatible with all VPG alarming sensors.

The Duo has two security ports so you can have your customers compare their favorite accessories.
