Depth:	4.55 in. (115.5 mm)
Height:	67.28 in. (1709 mm)
Weight:	26.5 lbs. (12 kg)
Material:	Satin/Stainless steel
Color:	RAL 7030/RAL 9002
Max. voltage:	24 Volts

Product Specifications EVOLVE P20

Width:	12 in. (305 mm)
Depth:	4.57 in. (116 mm)
Height:	67.4 in. (1711.6 mm)
Weight:	22 lbs. (10 kg)
Material:	Satin/Stainless steel
Color:	RAL 7030/RAL 9002

EVOLVE P10

The EVOLVE P10 is a robust, aesthetically pleasing antenna, designed to withstand tough retail environments such as supermarkets, hardware stores and garden centers. EVOLVE antennas use the very latest software, enabling upgrades when new technology becomes available.

- Connects seamlessly with other components of the EVOLVE network
- Benefits from remote maintenance and software upgrades through high-speed data connectivity
- 360 RF technology increases aisle widths and improves detection by up to 25 percent*
- Upgraded electronics lower the cost of ownership and reduce carbon footprint
- Open architecture enables retailers to adopt new technologies, such as RFID, when they are ready
- Remote preventative maintenance can be carried out regularly to ensure optimum performance

EVOLVE P20

The EVOLVE P20 is a slimmer alternative to the P10 antenna, designed to withstand the same tough retail environments where space is at a premium.

SOFTWARE AND ACCESSORIES

A range of complementary software and accessories are available to work in concert with the P-Series antennas. These include Integrated Visitor Counting, Smart Alarm Management, CheckPro Compliance Manager, and accessories such as advertising and safety panels, bumper posts with deflectors and external shields.

*When compared with Checkpoint Liberty/3G antennas and used with Checkpoint EP labels
