# EVOLVE EXCLUSIVE E10

Promote your merchandise as you protect it

The **EVOLVE EXCLUSIVE RFID - READY (RF) E10** is the perfect solution for in-store merchandise protection: a unique combination of EAS technology with integrated graphics. It offers maximum detection and reliability and includes high-quality, customizable fabric panels, which are easily interchangeable and can reflect your store's ambiance or display seasonal promotional messages. Each E10 pedestal enhances both your store's loss prevention and aesthetic needs.

In addition, for those retailers interested in leveraging a single RFID tag both for inventory management and loss prevention, the E10 provides a smooth transition from traditional EAS. Available with a field-installable RFID upgrade kit, this solution supports a straightforward, proven transition strategy to meet each retailer's unique needs.

## ✓ CHECKPOINT RF-EAS TECHNOLOGY

for discreet, effective and reliable loss prevention

## ✓ HIGH-QUALITY GRAPHIC PANELS WITH YOUR CHOICE OF DESIGN

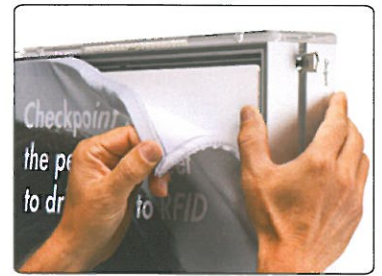

available directly from Checkpoint, easily applied/interchanged; customizable graphics and messaging; ensures a sleek, streamlined design to complement store aesthetics

## ✓ UPGRADABLE TO RFID COMPATIBILITY

"futureproof" investment; easily installed kit enables transition to increased functionality and dual benefits of a single RFID tag - inventory management and loss prevention

## ✓ 360 RF TECHNOLOGY

increases aisle width and improves detection by up to 25%

Easily interchangeable graphic panels
